Our Companies

A.J.P. Engineering Services is a Winnipeg, Manitoba based consulting engineering firm with over 30 years of service to various industries. We provide practical hands-on engineering solutions, working directly with Owners, Manufacturer and Contractors, utilizing the resources and tools readily available in order to minimize implementation costs and time.

Canadian Quality Inspections is a Winnipeg, Manitoba based CSA W178.1 certified Welding Inspection Organization. We provide quality control, quality assurance, visual inspection, non-destructive weld & coating testing for pressure piping, pressure vessels, structural steel, and industrial equipment.

We are committed to investing in training and development of our employees, in order to provide the best inspectors available in the industry. We have developed company-specific training plans to encourage our employees to develop and excel in their professions.

We have multiple ongoing opportunities available for candidates with the following background:

Position: Visual Weld Inspectors and NDT Technicians

Term: Permanent full-time
Location: Winnipeg, Manitoba
Standard Hours: 8 hours/day, 5 days/week.
Salary: Negotiable, depending on experience
Start Date: Immediate

Successful candidates will have either CSA W178.2 or CGSB certification (or equivalent) with documented experience related to fabrication, quality assurance, inspection and testing of welds.

Interested candidates are requested to email qualifications to:
